

Could you fund a food parcel for a destitute asylum seeker?

The Boaz Trust is a Christian charity serving destitute asylum seekers in Greater Manchester. We provide accommodation through our network of houses and local host families, along with individual advocacy and support.

There are 30 asylum seekers living in Boaz houses who depend on a basic food parcel worth £8 each week. They receive no benefits and have no right to work. A food parcel can be their lifeline.

Until recently, asylum seekers cared for by the Boaz Trust received food parcels from a local destitution project. However, funding for the project is running low and we have agreed to fund food parcels for the asylum seekers in our care.

Could you commit to a regular weekly donation of £8 to provide an essential food parcel for a destitute asylum seeker? Please do get in touch.

The Boaz Trust, Harpurhey
Community Church, Carisbrook
Street, Manchester, M9 5UX
